Ellis County Offices Closed

Welcome to the inaugural Ellis County Environmental Office Newsletter! In the months to come, we will have plenty of information for you, as a citizen, to better help protect yourself, your neighbor, and the land you live on.

Spread the Word

If you know anyone who would like to be a part of our newsletter, just have them give us a call at 785-628-9449 or email us at mruder@ellisco.net to be added to our monthly newsletter.

Suggestions

Is there a topic you are curious about? We would be more than happy to tackle any topic you would like to hear about regarding what the Ellis County Environmental Office does.

About Us

The Ellis County Environmental Office provides environmentally sound practices and progressive development that help Ellis County residents protect the land and ground water in the county.

The Planning and Zoning Division strives to ensure that the Ellis County Zoning Regulations and Subdivision Regulations are followed in providing proper land use and development of Ellis

Important Announcement

The Conditional Use Permit Public Hearing (CUP 1732) for Casey Zimmerman will be taking place at the Dec. 20th Planning and Zoning Meeting about 7:15 P.M.

County properties.

More Important News

Current Projects

The Environmental Office is working to better educate the public on environmentally safe practices and other practices to better keep you and your land safe. We are doing this by things such as this newsletter, our Facebook page, new yearly informational pamphlets, and more.

In the Coming Months

Our office is going to make it easier for you, as a citizen, to find out what you will need to do whether it be building or renovating a structure, splitting a lot, putting in/upgrading wastewater systems and water wells, dealing with all the Household Hazardous Waste lying around in your home, or testing your well water for excess Nitrate and Bacteria.

We will also be creating various Awareness Months to help spread awareness on the best times to get in touch with us to maximize the effectiveness of your projects and make sure they are on the right track.

Thank you!

Our office would not be here without the wonderful citizens of Ellis County. If there is ever anything you would like us to improve on or just have a general suggestion, please contact us at the information listed at the top of Page 1.
